SEWING MACHINES. FLORENCE SEWING MACHINE. 1867.

In no previous year has there een such strong competition among all the leading Sewing Machine Manufacturers of this country and Europe as the present. At all the principal Exhibitions and Fairs they met and contested for the Premium on Family Sewing Machines, and the result was unanimously in favor of the Florence Reversible Feed Lock-Stitch Family Sewing Machine. It received the First and Highest Prize as the best Family Serving Machine at the following Exhibitions, viz.: Exposition Untverselle, Paris; American Institute Fair, New York; New England Agricultural Fair, at Providence, R. I.; the New York State Fair, at Buffalo; the Great Annual Fairs of New England, viz.: that of the Mechanics' Association, at Lowell, Massachusetts, and the Fair of the Maryland Institute, at Baltimore, which closed a four-weeks' Session on the 12th of November, the superiority of the FLORENCE was again confirmed by the Committee on Sewing Machines, who unani-mously awarded it the "GOLD MEDAL," the highest Prize the

Institute confers. It would seem as if this succession of tri-umphs should be sufficient to convince every unprejudiced person of the great superior-ity of the FLORENCE over all others as a

Family Sewing Machine. A written warranty is given to the purchaser, that the Machine WILL DO ALL that is claimed for it, and should it fail, it will be taken back, and the MONEY RE-
